Criterion 6: Faculty Contribution (120)

by
Dr. T V Rama Krishna
Professor of ECE

6.1. Professional Development Activities (60)

6.1.1. Memberships in Profession Societies at National/International Levels (05)

- **Scope of Consideration**
  - **Professional Societies (National/International):**
    - **IEEE (Institute of Electrical and Electronics Engineers)**
    - **ACM (Association for Computing Machinery)**
    - **ASME, ASCE, IETE, CSI, ISTE, INAE, IET, SAE, etc.**
  - **Types of Memberships:**
    - **Fellow, Senior Member, Life Member, Annual Member.**
    - **Institutional/organizational memberships not counted—only individual faculty memberships.**
  - **Assessment Period:**
    - **Last 3 years (Current Academic Year + CAYm1 + CAYm2).**

- **Faculty Contribution Indicators**
  - **Active Membership Status: Payment of membership dues and verified ID.**
  - **Positions Held: Office bearer roles such as Chair, Co-Chair, Secretary, Treasurer, Executive Committee Member, Reviewer, Board Member, SIG (Special Interest Group) Coordinator.**
  - **Professional Contributions:**
    - **Organizing workshops, seminars, conferences under the society's banner.**
    - **Acting as reviewer/editor for journals/conference proceedings of the society.**
    - **Delivering invited talks, keynote addresses, or panel participation.**
    - **Representing the institution in international/national technical committees.**
    - **Networking and collaborations established through these societies.**

- **Documentation Requirements (Evidence)**
  - Membership certificates with validity period.
  - Society ID numbers, receipts of renewal.
  - Letters of appointment/election for office bearer roles.
  - Evidence of contribution (brochures, reports, conference schedules, review acknowledgments).
  - Institutional reports highlighting outcomes (MoUs, collaborations, events conducted).
- **Evaluation by NBA**
  - Marks awarded based on number of active faculty memberships and level of engagement (not just passive membership).
  - Higher weightage for international societies and leadership roles.
  - Collective representation of the department in multiple societies strengthens the profile.

Format for Presentation

S.N	Name of Faculty	Name of Society (National /International)	Type of Membership	Membership ID / No.	Period of Membership	Position Held (if any)	Contributions / Activities	Evidence (Certificate/Letter/ Link)

- **Impact & Importance**
  - **Enhances faculty reputation and institutional visibility.**
  - **Provides opportunities for knowledge exchange, research collaboration, and student benefit.**
  - **Strengthens the accreditation narrative by showing faculty are not isolated, but connected to global/national academic ecosystems.**
  - **Supports continuous improvement by bringing latest practices from professional bodies into curriculum, research, and training.**

6.1.2. Faculty as Resource Persons or Participants in STTPs/FDPs (15)

6.1.2.1. Faculty as Resource Persons in STTPs/FDPs (05)

- **Definition:**
  - **Faculty members invited as experts, keynote speakers, session chairs, trainers, or mentors in Short-Term Training Programs (STTPs) or Faculty Development Programs (FDPs).**
  - **It highlights their recognition at national/international level for subject expertise.**
- **Evidence Considered:**
  - **Invitation letters, brochures, program schedules showing name as *resource person*.**
  - **Certificates of appreciation/acknowledgment.**
  - **Reports of FDP/STTP events mentioning faculty contribution.**
- **Evaluation:**
  - **Marks awarded based on number of faculty members who acted as resource persons and the significance of their role.**
  - **Higher weightage if:**
    - **Invited by external reputed organizations/societies (AICTE, IEEE, ISTE, ACM, etc.).**
    - **Role was technical/academic expert (not just inaugural/valedictory).**
- **Impact:**
  - **Demonstrates faculty's subject expertise and leadership in academia.**
  - **Enhances institutional reputation and visibility in the academic community.**
  - **Indicates the knowledge transfer from faculty to wider academic/industry audiences.**

List of Faculty Members as Resource Persons in STTP/FDP Events

Academic Year	S.N.	Name of the Faculty as Resource Person	Name/Title of STTP/FDP	Date (From – To)	Location	Organized By (Institute/Body)	Topic Delivered / Role	Evidence (Certificate/Invitation/Brochure)
CAYm1	1	❖ Faculty Name	❖ STTP/FDP Title	❖ dd-mm-yyyy	❖ Place	❖ Organizer	❖ Topic Delivered	❖ Evidence Ref/Link
	2	❖	❖	❖	❖	❖	❖	❖
CAYm2	1	❖ Faculty Name	❖ STTP/FDP Title	❖ dd-mm-yyyy	❖ Place	❖ Organizer	❖ Topic Delivered	❖ Evidence Ref/Link
	2	❖	❖	❖	❖	❖	❖	❖
CAYm3	1	❖ Faculty Name	❖ STTP/FDP Title	❖ dd-mm-yyyy	❖ Place	❖ Organizer	❖ Topic Delivered	❖ Evidence Ref/Link
	2	❖	❖	❖	❖	❖	❖	❖

- **How to Fill:**
  - **Replace ❖ with actual faculty details.**
  - **Mention academic years clearly as CAYm1, CAYm2, CAYm3 (Current + 2 previous years).**
  - **Ensure to include *only faculty who acted as resource persons* (not just participants).**

Attach evidence (certificate, invitation letter, brochure) in a separate folder, cross-linked via the Evidence column.

Dr. T V Rama Krishna

- **Documentation Requirements (Evidence)**
  - **Invitation letters from host institution/organization.**
  - **Programme schedule/brochure listing the faculty as resource person.**
  - **Certificates of appreciation/participation (with role clearly mentioned).**
  - **Photographs or reports of the session (if available).**
  - **Consolidated summary table in SAR + evidence folder.**
- **Evaluation by NBA**
  - **Marks awarded (05) are based on:**
    - **Number of faculty involved as resource persons.**
    - **Frequency and level (national/international) of engagements.**
    - **Diversity of topics covered (technical, pedagogical, managerial).**
  - **More weightage if:**
    - **Faculty are invited by external reputed institutions/professional societies.**

    Sessions are at international/national-level FDPs/STTPs

6.1.2.2. Faculty Members' Participation in STTPs/FDPs (10)

- **Definition:**
  - **Faculty attending FDPs/STTPs as participants (not resource persons).**
  - **Ensures continuous upgradation of knowledge, teaching methods, and technical competency.**
- **Scoring Mechanism:**
  - **2–5 day FDP/STTP → 3 points.**
  - **>5 day FDP/STTP → 5 points.**
  - **Maximum 5 points per faculty per year, even if multiple FDPs are attended.**
- **Computation Method (as per NBA guidelines):**
  - **Record faculty-wise participation in CAY, CAYm1, CAYm2.**
  - **Cap each faculty at 5 points per year.**
  - **Compute Sum of points across all faculty for each year.**
  - **Determine RDF (Required Faculty) = DS ÷ 20 (DS = total students in the department).**
  - **Compute AP (Assessment Points) = Sum ÷ (0.5 × RDF), capped at 5 per year.**
  - **Take the average over 3 years, capped at 5.**
- **Evidence Considered:**
  - **Participation certificates mentioning duration.**
  - **Brochures/program schedules.**
  - **Year-wise consolidated report.**
- **Impact:**
  - **Ensures faculty remain updated in their specializations.**
  - **Improves teaching quality and student learning outcomes.**
  - **Demonstrates institutional commitment to capacity building and lifelong learning.**

Presentation Format

S.N.	Faculty Name	Role (Participant/ Resource Person)	Max 5 per Faculty	CAYm 1	CAYm 2	CAYm 3
1	❖ Faculty A	Participant	Yes	5	3	0
2	❖ Faculty B	Participant	Yes	3	5	5
…	…	…	…	…	…	…
N	Number of faculty counted					
Sum	Total points (capped at 5 per faculty)					
RDF = DS ÷ 20				RF_1	RF_2	RF_3
AP = Sum ÷ (0.5 × RDF)				AP_1	AP_2	AP_3
Average AP = (AP_1 + AP_2 + AP_3) ÷ 3						

- **Computation Steps (Year-wise)**

1. **Log each faculty's participation in CAY, CAYm1, CAYm2.**
2. **Assign points using the rules above.**
3. **Cap points at 5 per faculty per year.**
4. **Sum points across faculty for each year → gives total faculty participation value (Sum).**
5. **Compute RDF (Required Faculty) = DS ÷ 20 (rounded up),**
   - **where DS = total students in the department for that year.**
6. **Compute Assessment Points (AP) for each year:**
   - **Formula: AP = Sum ÷ (0.5 × RDF)**
   - **Cap AP at 5 maximum per year.**
7. **Average Assessment Points (final marks):**
   - **Formula: (AP_1 + AP_2 + AP_3) ÷ 3**
   - **Cap final average at 5 maximum.**

- **Scope of Consideration**
  - **Events Counted:**
    - **Short-Term Training Programs (STTPs).**
    - **Faculty Development Programs (FDPs).**
    - **AICTE-ATAL FDPs, AICTE QIP, TEQIP, UGC/ISTE-recognized FDPs.**
    - **Programs organized by reputed national/international institutes, universities, or professional bodies (IEEE, ACM, ISTE, etc.).**
  - **Assessment Period:**
    - **Last 3 academic years (CAY, CAYm1, CAYm2).**

6.1.3. Faculty Certification of MOOCs through SWAYAM, etc. (10)

Scope of Consideration

- Courses should be completed and certificates obtained during the assessment years (CAY, CAYm1, CAYm2).
- Eligible certifications include:
  - Technical domain courses (e.g., AI, ML, IoT, Cloud Computing).
  - Pedagogical courses (e.g., Outcome-Based Education, Research Methodology, Teaching-Learning Practices).
  - Industry-linked MOOCs (if approved by UGC/AICTE).
- Short-term orientation workshops or FDPs without certification are not considered here.

Evidence Required by NBA

Faculty must provide:

- Certificate of completion (PDF or hard copy).
- Certificate must mention:
  - Faculty Full Name.
  - Course Title.
  - Platform (SWAYAM, NPTEL, etc.).
  - Duration / Term (start–end dates).
  - Score/Grade (if applicable).
  - Issuing Authority (IITs, UGC, AICTE, Coursera, edX, etc.).
- Enrollment/scorecard screenshot from portal (recommended for backup).

Dr. T V Rama Krishna

Evaluation by NBA (Scoring Guidelines)

- **NBA gives up to 10 marks for this activity.**
- **Higher weightage is given if:**
  - **More faculty complete reputed national MOOCs (SWAYAM, NPTEL, AICTE ATAL).**
  - **Certifications are recent and directly relevant to the program under accreditation.**
  - **Certifications contribute to faculty competency enhancement in emerging technologies and pedagogy.**
- **Typically scored based on:**
  - **Percentage of faculty certified out of total faculty.**
  - **Number of certifications per faculty (but capped to avoid duplication).**

Example Table Format

S.N.	Name of the Faculty	Name of Course Passed	Course Offered by (Agency/Platform)	Grade Obtained	Year/Term (CAY/CAYm1/CAYm2)	Certificate Link / File Path
1	Dr. A. Sharma	Introduction to Machine Learning	SWAYAM – IIT Madras	Elite + Silver	CAY (2023)	SharmaA_SWAYAM_ML2023.pdf
2	Prof. R. Kumar	Cloud Computing Essentials	NPTEL – IIT Kharagpur	Successfully Completed	CAYm1 (2022)	KumarR_NPTEL_Cloud2022.pdf
3	Dr. S. Meena	Outcome-Based Education	SWAYAM – UGC	Completed	CAYm2 (2021)	MeenaS_SWAYAM_OBE2021.pdf
4	…	…	…	…	…	…
N	…	…	…	…	…	…

6.1.4. FDP/STTP Organized by the Department (10)

Scope of Consideration

- **FDPs and STTPs Organized by the department:**
  - **Individually (by the department alone).**
  - **In collaboration with other departments of the institution.**
  - **In collaboration with external institutions/organizations (e.g., IITs, AICTE, ISTE, UGC, industries).**
- **Minimum Duration: 5 days (programs less than 5 days are not counted).**
- **Assessment Period: CAY, CAYm1, and CAYm2 (past 3 academic years).**

Evidence Required

For each FDP/STTP organized, the following proofs must be documented:

- **Program Brochure / Schedule (with dates, topics, and resource persons).**
- **Attendance / Participation Records (faculty list, signed sheets, online registrations).**
- **Event Report / Summary (objectives, outcomes, number of participants).**
- **Certificates of Participation issued to attendees.**
- **Approval / Sponsorship Letters (if funded/supported by AICTE, ISTE, UGC, etc.).**
- **Photos / Screenshots of sessions and inaugural/valedictory functions.**

Evaluation by NBA (Scoring Rules)

- **Scoring Formula:**
  - **2 points per FDP/STTP organized (of minimum 5 days).**
  - **Maximum of 4 marks per academic year (CAY, CAYm1, CAYm2).**
  - **Maximum of 10 marks total across 3 years.**
- **Example:**
  - **If the department organizes 2 FDPs in CAY (each 5 days), it earns 4 marks for that year.**
  - **If only 1 FDP is organized in CAYm1, then 2 marks.**
  - **If 3 FDPs are organized in CAYm2, still capped at 4 marks for that year.**
  - **Total = (4 + 2 + 4) = 10 marks.**

Suggested Documentation Format

S.N.	Title of FDP/STTP Organized	Organized By (Dept / Collaboration)	Duration (From–To)	No. of Days	No. of Participants	Funding Agency / Support	Evidence (Brochure/Report/Photos)
1	FDP on Artificial Intelligence	CSE Dept. (with AICTE)	12–17 Mar 2023	6	50	AICTE	FDP_AI_2023_Brochure.pdf
2	STTP on IoT Applications	ECE + CSE Depts. (Joint)	10–15 Dec 2022	6	45	ISTE	STTP_IoT_2022_Report.pdf
3	FDP on Data Analytics	CSE Dept.	05–09 Jan 2021	5	40	Institutional Support	FDP_DA_2021_Photos.pdf

Impact & Importance

- Encourages faculty knowledge sharing and exposure to emerging technologies.
- Enhances teaching-learning quality and aligns with OBE (Outcome-Based Education).
- Strengthens industry-academia collaboration if organized with external bodies.
- Provides evidence of continuous improvement in faculty development culture.

Dr. T V Rama Krishna

6.1.5. Faculty Support in Student Innovative Projects (10)

- **Forms of Faculty Support**
  - **Mentoring & Guidance**
    - **Supervising students during hackathons, ideathons, codeathons, maker fests, and innovation challenges.**
    - **Helping students identify real-world problems and formulating problem statements.**
    - **Providing technical inputs, domain knowledge, and industry context to student ideas/projects.**
  - **Facilitation of Resources**
    - **Arranging access to labs, Centres of Excellence, software tools, and hardware kits.**
    - **Linking students with industry experts, research collaborators, and incubation centers.**
    - **Supporting students in applying for funding, seed grants, or innovation competitions.**
  - **Capacity Building**
    - **Conducting innovation workshops, design thinking sessions, IPR awareness talks.**
    - **Encouraging students to publish in conferences/journals or apply for patents.**
  - **Assessment & Feedback**
    - **Evaluating student prototypes and suggesting improvements in design, methodology, and presentation.**
    - **Preparing students for competitions, start-up pitches, and project exhibitions.**

- **Evidence to be Maintained (for NBA submission)**
  - **List of Events with Faculty Roles**
    - **Hackathons (internal/external) – details of faculty mentors assigned.**
    - **Ideathons / Product Development Contests – faculty facilitators recorded.**
    - **Open Research / Student Paper Presentations – faculty supervisors mentioned.**
  - **Mentor–Mentee Records**
    - **Mapping of faculty → student teams → project title → competition/event.**
    - **Frequency of meetings/mentoring sessions documented.**
  - **Outcomes Achieved**
    - **Prototypes developed, patents filed, start-ups incubated.**
    - **Awards won in national/international hackathons or competitions.**
    - **Student publications or funded projects with faculty guidance.**
  - **Supporting Documents**
    - **Mentor approval sheets, event reports, photographs, participation certificates.**
    - **Evidence of faculty guidance letters, recommendation notes, and project reports.**

Table Format

S.N.	Name of the Faculty	Name of the Event (Hackathon / Ideathon / Project Fair / etc.)	Date of Event	Place of Event	Website Link (if any)	Academic Year (CAYm1 / CAYm2 / CAYm3)
1	Dr. A. Kumar	National Hackathon on AI	15-03-2023	IIT Delhi	www.hackai2023.in	CAYm1
2	Prof. B. Rao	Internal Ideathon – Smart City	12-08-2022	College Campus	–	CAYm2
3	Ms. C. Sharma	Open Research Symposium (IoT in Healthcare)	20-11-2021	NIT Trichy	www.iosymp2021.org	CAYm3
…						

- **Scoring Guidelines (NBA)**
  - **Excellent (8–10 marks):**
    - **Multiple events with active faculty involvement, evidence of impactful outcomes (awards, patents, publications, start-ups).**
  - **Moderate (4–7 marks):**
    - **Faculty involved in some events, limited outcomes, mostly internal participation.**
  - **Low (0–3 marks):**
    - **Minimal faculty support, poor documentation, no significant outcomes.**

Dr. T V Rama Krishna

6.1.6. Faculty Internship/Training/Collaboration with Industry (10)

A. Objective and Purpose

- To strengthen Industry–Institute Interaction (III) through active participation of faculty members in industrial training, research collaborations, consultancy projects, and knowledge exchange programs.
- To ensure continuous faculty upskilling aligned with NBA's Outcome-Based Education (OBE) and NEP-2020 principles.
- To promote innovation, applied research, and technology transfer that directly benefits students and the institution.

B. Process Adopted

- 1. Identification of Industry Partners
  - Collaboration initiated through MoUs with reputed industries, R&D labs, startups, and professional bodies (e.g., Infosys, TCS, DRDO, ISRO, MSME, CII).
  - Priority sectors identified: AI & ML, IoT, Energy Systems, Manufacturing, Data Analytics, and Sustainable Technologies.
- 2. Faculty Nomination and Approval
  - Department HoD and IQAC nominate faculty members based on specialization and course relevance.
  - Duration ranges from 1 week to 6 months, depending on program scope.
- 3. Modes of Collaboration
  - Faculty Internship / Industrial Training
    - Hands-on training, process familiarization, live project participation.
  - Joint Research / Consultancy Projects
    - Collaborative proposal submission to funding agencies (AICTE, DST, MSME).
  - Joint Organization of FDPs, Webinars, and Workshops
    - Co-branded knowledge-sharing events for faculty and students.
  - Industrial Advisory Support
    - Industry experts serve on BoS or project evaluation panels.

Dr. T V Rama Krishna

Faculty Internship / Training / Collaboration Details

S. No.	Name of the Faculty	Name of the Internship / Training / Collaboration Program	Name of the Company / Organization & Place	Duration	Outcomes of Internship / Training / Collaboration
1	Dr. A. Kumar	Industrial Collaboration – "Data Science in Manufacturing"	Tata Consultancy Services, Bengaluru	3 Months (May–July 2024)	• Joint research paper published in IJIRSET. • Introduced a new elective: "Industrial Data Analytics." • Supervised 2 student projects in collaboration with TCS. • Enhanced PO5 & PO11 attainment through applied case studies.
2	Ms. R. Meena	Faculty Internship – "IoT and Smart City Systems"	L&T Smart World & Communications, Chennai	2 Weeks (Jan 2024)	• Developed new IoT lab experiments. • Conducted FDP on "Smart Sensors & Automation." • Established L&T Innovation Cell in the department. • Improved PSO2 alignment (IoT Applications).
3	Mr. S. Thomas	Industrial Training – "PLC & Automation Systems"	Siemens India Pvt Ltd., Pune	1 Month (Aug 2023)	• Designed a PLC-based prototype for student project. • Organized student workshop on automation tools. • Strengthened PO3 and PO5 mapping.
4	Dr. K. Priya	Research Collaboration – "Renewable Energy Optimization"	BHEL R&D Division, Hyderabad	Ongoing since 2023	• Submitted DST-funded project proposal (₹ 6 L sanctioned). • Co-authored paper in IEEE Access. • Guided student minor project on hybrid energy systems. • Enhanced PO7 & PSO1 integration.
5	Ms. S. Devi	Training Program – "AI/ML Curriculum Integration"	Infosys Campus Connect, Mysuru	10 Days (Nov 2023)	• Conducted internal FDP on "Python for AI." • Integrated AI modules in existing syllabus. • Initiated industry mentoring for final-year projects. • Contributed to PO12 – Lifelong Learning.

Dr. T V Rama Krishna

Documentation to be Maintained

- MoU copies / Training invitation letters.
- Attendance and participation certificates.
- Post-training reports and feedback forms.
- Photos, event brochures, and media coverage.
- Joint publications / patent copies.
- Project sanction letters for funded research.

6.2. Research and Development Activities (60)

6.2.1. Academic Research (15)

Conditions for Inclusion

- **Source of Publications:**
  - **Must be from Scopus or Web of Science (WoS) indexed journals/conferences.**
  - **Non-indexed papers (predatory or local publishers) are not counted.**
- **Faculty Affiliation Requirement:**
  - **The author's affiliation must clearly mention the current institution.**
  - **Papers where the faculty has not declared the institution correctly will be disqualified.**
- **Availability:**
  - **Papers must be traceable online (DOI, publisher's site, Scopus/WoS record) or in hard copy if very recent.**

Essential Details for Each Publication (to be maintained in list)

Each entry in the consolidated research list should include:

- **Faculty Name(s) – Full name with designation.**
- **Title of the Paper – Complete and accurate.**
- **Name of the Journal / Conference – Indexed in Scopus/WoS.**
- **Publisher – Elsevier, Springer, IEEE, Taylor & Francis, Wiley, etc.**
- **DOI (Digital Object Identifier) – Unique identifier, ensures verifiability.**
- **Month & Year of Publication – To prove assessment-period relevance.**
- **Indexing Database – Scopus/WoS (can also note impact factor/Quartile rank for added weight).**

  Link to Article – DOI URL or publisher webpage

Evidence to be Maintained (for NBA submission)

- Compiled List of Publications (Excel/Word/ERP) with all above fields.
- First page of published paper (showing title, authors, and affiliation).
- Proof of Indexing (screenshot from Scopus/WoS portal).
- DOI links (working URLs).

Impact on NBA Scoring

- High-quality publications → Show institutional contribution to global knowledge.
- Greater number of Scopus/WoS indexed papers per faculty → Higher marks.
- Consistency → Publications spread across assessment years (CAY, CAYm1, CAYm2, etc.).

Recommended Documentation Matrix

S.N.	Faculty Name	Title of Paper	Journal/Conference Name	Publisher	DOI	Month & Year of Publication	Indexed In (Scopus/WoS)	Link to Article
1	Dr. A. Kumar	AI in Healthcare	IEEE Access	IEEE	10.1109/xyz123	March 2023	Scopus, WoS	[DOI Link]
2	Prof. B. Rao	IoT in Smart Cities	Springer LNCS	Springer	10.1007/abc456	Nov 2022	Scopus	[DOI Link]
3	Ms. C. Sharma	Blockchain Security	Elsevier Computer Networks	Elsevier	10.1016/def789	July 2021	Scopus, WoS	[DOI Link]

Table Format

S.N.	Item	CAYm1	CAYm2	CAYm3	Total
1	No. of peer-reviewed journal papers published				
2	No. of peer-reviewed conference papers published				
3	No. of books/book chapters published				

Dr. T V Rama Krishna

6.2.2. Development Activities (10)

- **Scope & intent**
  - **Captures faculty-driven innovation outputs in the last 3 academic years (CAYm1, CAYm2, CAYm3).**
  - **Focus areas: patents (granted/published), working models, prototypes developed with the department's affiliation.**
  - **Demonstrates a culture of applied research, IP creation, and technology translation.**
- **What counts (definitions & inclusions)**
  - **Patents (Published/Granted)**
    - ***Published*: patent applications published by a patent office (e.g., IPO, USPTO, EPO, WIPO) within the assessment window.**
    - ***Granted*: patents issued with a grant number and grant date within the window.**
    - **Includes utility, design, and copyright for software only if tied to a protectable invention/design (copyright alone is typically not scored as a patent).**
  - **Working models**
    - **Functioning physical or digital models that demonstrate core principles and are testable against stated objectives.**
  - **Prototypes**
    - **Pre-commercial embodiments at TRL-3 to TRL-7 (proof-of-concept → system prototype in relevant environment).**
    - **Hardware, firmware, software, or cyber-physical builds that pass defined verification tests.**

- **Evidence to maintain (per NBA audit)**
  - **Patents**
    - **Application no., publication no./date, grant no./date, jurisdiction (IN/US/EU/PCT), IPC/CPC classes, assignee, inventor list with affiliation, abstract page.**
    - **Official PDFs/links (IPO/USPTO/EPO/WIPO), renewal fee status (optional), technology disclosure form.**
  - **Working models & prototypes**
    - **Title, objective, TRL, BOM, design files (CAD/EDA/Git hash), test reports, validation certificates, demo videos/photos, lab/instrument logs.**
    - **External showcase/competition evidence, industry pilot letters, user feedback/bench tests.**
  - **Commercialization/translation (if any)**

    License/option agreements, startup incorporation/incubation letters, MoUs, purchase orders, revenue/royalty notes

6.2.3. Sponsored Research Project (15)

- **Definition & Scope**
  - Sponsored Research Projects refer to externally funded projects undertaken by faculty members or departments.
  - Funding can come from government agencies (DST, AICTE, UGC, DRDO, ISRO, DBT, etc.), industry partners, NGOs, or CSR initiatives of corporates.
  - These projects demonstrate the institution's ability to attract competitive funding, contribute to research culture, and generate societal/industrial impact.
- **Information to be Documented (Mandatory Fields)**
  - Principal Investigator (PI): Lead faculty responsible for project execution.
  - Co-PI (if any): Faculty or researcher assisting in the project.
  - Department: Name of the department where the project is sanctioned.
  - Project Title: Full descriptive title of the project.
  - Funding Agency: Name of external agency providing support (e.g., DST, CSIR, TCS-CSR, etc.).
  - Sanctioned Amount: Exact approved grant amount in INR.
  - Duration: Start and end period of the project (e.g., 3 years).
  - Sanctioned Year: Year in which the project received approval.
  - Cumulative Funding Summary: Separate rows or table summarizing total external research funding received in the last three academic years (CAYm1, CAYm2, CAYm3).

- **Evaluation Guidelines (NBA Marks Allotment)**
  - **Amount > 20 Lakhs → 15 Marks**
  - **Amount > 16 Lakhs & < 20 Lakhs → 12 Marks**
  - **Amount > 12 Lakhs & < 16 Lakhs → 9 Marks**
  - **Amount > 8 Lakhs & < 12 Lakhs → 6 Marks**
  - **Amount > 4 Lakhs & < 8 Lakhs → 3 Marks**
  - **Amount > 1 Lakh & < 4 Lakhs → 1 Mark**
  - **Amount < 1 Lakh → 0 Marks**

Marks are not per project, but based on cumulative sanctioned funding across the institution/department for the three years

- **Supporting Evidence (Documents to Keep Ready for NBA Visit)**
  - **Sanction Letters from funding agencies.**
  - **MoUs / Agreements with industries or CSR bodies.**
  - **Project Utilization Certificates (UCs) submitted to funding agencies.**
  - **Progress Reports / Final Reports of completed projects.**
  - **Bank statements / Audit records showing receipt and usage of sanctioned funds.**

Sponsored Research Projects Details

S. No.	PI Name	Co-PI Name	Department	Project Title	Funding Agency	Sanctioned Amount (INR)	Duration (Years)	Sanctioned Year	CAY (CAYm1 / CAYm2 / CAYm3)
1	Prof. A	Dr. B	ECE	IoT for Smart Health	DST	22,00,000	3	2022	CAYm1
2	Dr. C	–	CSE	AI in Agriculture	CSR – Infosys	18,50,000	2	2021	CAYm2
3	Prof. D	Dr. E	ME	Sustainable Energy	UGC	9,00,000	2	2020	CAYm3
…	…	…	…	…	…	…	…	…	…

Year-wise Funding Summary

Academic Year	Total Funding (INR)	No. of Projects	Highest Value Project	NBA Marks (Auto)
CAYm1	22,00,000	1	22,00,000	15
CAYm2	18,50,000	1	18,50,000	12
CAYm3	9,00,000	1	9,00,000	6
Cumulative	49,50,000	3	–	15

Dr. T V Rama Krishna

6.2.4. Consultancy Work (15)

- **Definition & Scope**
  - Consultancy Work refers to projects undertaken by faculty/department where expertise, facilities, or services are provided to an external agency (industry, government, NGO, or corporate body) for a fee.
  - Unlike sponsored research (which is for generating new knowledge), consultancy typically involves problem-solving, testing, design, analysis, or training for clients.
  - NBA awards marks based on the total external consultancy revenue received during the last three academic years (CAYm1, CAYm2, CAYm3).
- **Information to be Documented**
  - Principal Investigator (PI): Lead faculty for the consultancy.
  - Co-PI (if any): Faculty/technical staff involved.
  - Department: Where the consultancy is sanctioned/handled.
  - Project Title: Clear description of consultancy assignment.
  - Funding/Client Agency: Industry/CSR/Government body providing consultancy fee.
  - Sanctioned Amount (₹ Lakhs): Agreed consultancy fee.
  - Duration: Start and end period of consultancy.
  - Sanctioned Year: Year in which the consultancy was approved.
  - Cumulative Amounts: Revenue received in CAYm1, CAYm2, CAYm3.

- **Evaluation Guidelines (Marks Allotment by NBA)**
  - Amount >20 Lakhs → 15 Marks
  - Amount >16 Lakhs & <20 Lakhs → 12 Marks
  - Amount >12 Lakhs & <16 Lakhs → 9 Marks
  - Amount >8 Lakhs & <12 Lakhs → 6 Marks
  - Amount >4 Lakhs & <8 Lakhs → 3 Marks
  - Amount >1 Lakh & <4 Lakhs → 1 Mark
  - Amount <1 Lakh → 0 Marks

Marks are based on cumulative consultancy earnings across 3 years, not per project

Consultancy Projects – External Agencies

S.N.	PI Name	Co-PI Name(s)	Department (Sanctioned)	Project Title*	Client / Funding Agency	Duration of Project	Amount Sanctioned (₹ Lakhs)	CAYm1 Amount Received (₹)	CAYm2 Amount Received (₹)	CAYm3 Amount Received (₹)	Total Amount Received (₹ Lakhs)
1	Prof. A	Dr. B	Civil Engineering	Structural Audit of XYZ Building	XYZ Constructions Pvt. Ltd.	1 year	5.0	3,00,000	2,00,000	–	5.0
2	Dr. C	–	Mechanical Engg	Material Testing for ABC Plant	ABC Industries	6 months	3.5	–	2,50,000	1,00,000	3.5

6.2.5. Institution Seed Money or Internal Research Grant to its Faculty for Rese arch Work (05)

Definition & Scope

- Institution Seed Money or Internal Research Grants (IRG) are in-house funds allocated by the institution to support faculty members in initiating research projects.
- Unlike sponsored projects (6.2.4) or consultancy (6.2.5), these are internal allocations, often from:
  - R&D Cell / Research Committee
  - IQAC / Institutional Innovation Council
  - Management Research Fund / Endowment

Information to be Documented

For each faculty who received seed money, record:

- Faculty Name (PI)
- Department
- Project Title (clear description of research work)
- Sanctioned Amount (₹ Lakhs)
- Amount Utilized (₹ Lakhs)
- Sanctioned Year / Duration
- CAY (CAYm1, CAYm2, CAYm3)
