Criterion 9: Student Support System and Governance (120)

by
Dr. T V Rama Krishna
Professor of ECE

9.1. First Year Student-Faculty Ratio (FYSFR) (05)

1. Purpose of FYSFR in NBA

- The First Year Student-Faculty Ratio (FYSFR) is an important quantitative indicator in NBA accreditation.
- It measures whether adequate faculty members are available to handle the first-year intake of students, ensuring quality in teaching and mentoring at the foundational level.
- A lower ratio (i.e., fewer students per faculty) indicates better personalized attention and strong academic support in the crucial first year.

2. Formula for FYSFR (NBA Standard)

FYSFR=X/Y

Where:

- X = Total number of students admitted in first year across all programs (UG only).
- Y = Total number of faculty members exclusively handling first-year courses.

Note: Only regular/approved faculty members are counted (not visiting/part-time).

NBA Norms for FYSFR (Scoring Criteria)

- **NBA has prescribed norms and assigns marks accordingly**:

FYSFR (Students per Faculty)	Marks Awarded (out of 5)
≤ 20	5
> 20 and ≤ 25	4
> 25 and ≤ 30	3
> 30 and ≤ 35	2
> 35 and ≤ 40	1
> 40	0

Evidence Required for NBA

- **Admission Records (student strength in CFY).**
- **Faculty List with designation, qualifications, and workload (showing allocation to first-year courses).**
- **Time Tables (mapping faculty to first-year subjects).**
- **Approval Letters (AICTE/University-approved faculty strength).**

NBA Expectation

- **FYSFR must be within acceptable limits (preferably ≤ 25).**
- **If ratio is high (e.g., >30), institute should show corrective measures:**
  - **Recruitment of additional faculty.**
  - **Redistribution of workload.**

Consistency in last 3 years (CAY, CAYm1, CAYm2) should be demonstrated

Formula and Parameters

Parameter	Symbol	Definition / Formula
Sanctioned Intake of All UG Programs	S4	Total approved first-year intake (sum of all UG programs for that academic year).
Required Faculty	RF4	RF4=S4/20
Faculty Members – Basic Science, Humanities, Management	NS1	No. of faculty in Physics, Chemistry, Mathematics, English, Management, and similar courses.
Faculty Members – Engineering Science Courses	NS2	No. of faculty teaching first-year Engineering Science subjects (e.g., Workshop, Engineering Graphics, Programming).
Percentage	–	Percentage=((NS1×0.8)+(NS2×0.2))/RF4×100
Average % (CAY, CAYm1, CAYm2)	–	Average of the last three academic years.

Table Format: FYSFR Calculation

Year	Sanctioned Intake (S4)	Required Faculty (RF4 = S4/20)	Faculty in Basic Sciences & Humanities (NS1)	Faculty in Engineering Sciences (NS2)	Calculated % = ((NS1×0.8)+(NS2×0.2)) /RF4 ×100	Remarks / Level
CAY (2024–25)	420	21	10	6	((10×0.8)+(6×0.2))/21×100 = 43.8%	Below optimum
CAYm1 (2023–24)	360	18	9	5	((9×0.8)+(5×0.2))/18×100 = 46.6%	Moderate
CAYm2 (2022–23)	300	15	8	3	((8×0.8)+(3×0.2))/15×100 = 47.9%	Moderate
Average Percentage	–	–	–	–	46.1%	Eligible for 1 Mark (as per NBA scale)

Interpretation of Score (as per NBA Manual)

Average % of Faculty Members Available	Score (out of 5)	Interpretation
> 80%	5 Marks	Excellent faculty adequacy
> 70% – < 80%	4 Marks	Very good
> 60% – < 70%	3 Marks	Satisfactory
> 50% – < 60%	2 Marks	Needs improvement
> 40% – < 50%	1 Mark	Deficient faculty strength
< 40%	0 Marks	Non-compliant

9.2. Mentoring System (05)

Types of Mentoring

1. **Professional Guidance**
   - **Career counseling, higher studies guidance, competitive exams preparation (GATE, GRE, UPSC, etc.).**
   - **Industry exposure and networking through alumni.**
2. **Career Advancement**
   - **Placement preparation, internships, skill development programs.**
   - **Guidance on resume building, soft skills, interview training.**
3. **Coursework-Specific Mentoring**
   - **Helping students understand subject concepts, assignments, exam preparation.**
   - **Support for remedial classes and slow learners.**
4. **Laboratory-Specific Mentoring**
   - **Hands-on guidance during lab sessions.**
   - **Research/project mentoring for mini-projects and final year projects.**
5. **All-Round Development**
   - **Guidance on co-curricular and extracurricular activities.**

Support in managing stress, wellness, and life skills.

Structure of Mentoring System

- **Faculty Mentors Assigned: Each faculty member mentors a fixed number of students.**
- **Ratio: Typically, 1 mentor per 15–20 students.**
- **Frequency of Meetings:**
  - **At least 2–3 times per semester (formal meetings).**
  - **Informal mentoring available anytime (open-door policy).**
- **Mentoring Record: Minutes of meetings, attendance sheets, action taken reports maintained.**

Implementation

- **Mentoring Cell/Coordinator assigns students to faculty mentors.**
- **Mentoring schedules (monthly/semester-wise) published by departments.**
- **Both physical and online mentoring modes used (ERP, LMS, email, video calls).**
- **Final year students often serve as peer mentors for juniors in academics and projects.**

Monitoring & Reporting

- **Mentor Diaries / Logbooks: Track discussions, issues raised, and follow-ups.**
- **Department-Level Review: HoD/IQAC verifies mentoring records.**
- **Institution-Level Review: Annual reports on mentoring effectiveness submitted to Governing Body.**

Feedback System: Students give feedback on mentor effectiveness.

Effectiveness & Impact Studies

- **Academic Improvement: Better performance of weak learners, reduced dropout rates.**
- **Professional Outcomes: Increased placement/higher studies success.**
- **Wellness Outcomes: Improved student satisfaction, stress management.**
- **Peer Mentoring Impact: Juniors adapt faster with help from final-year seniors.**

Evidence Required for NBA

1. **List of mentors and assigned mentees (with ratio).**
2. **Mentoring schedules and frequency records.**
3. **Meeting attendance sheets and reports.**
4. **Mentor feedback forms and student satisfaction survey results.**
5. **Impact studies (dropout reduction, placement improvement).**
6. **Peer mentoring initiatives (final-year guiding juniors).**

Sample Table Format

Sl. No.	Mentor Name	Department	Designation	No. of Mentees	Student IDs / Names Assigned	Ratio (Mentor : Mentees)	Allocation Date	Evidence Link
1	Dr. A. Sharma	CSE	Assoc. Professor	18	CSE2021_01 – CSE2021_18	1:18	01-08-2023	[Allocation_Order.pdf]
2	Prof. B. Iyer	ECE	Assistant Professor	20	ECE2021_01 – ECE2021_20	1:20	01-08-2023	[Mentoring_Circular.pdf]
3	Dr. C. Mehta	ME	Professor	15	ME2021_01 – ME2021_15	1:15	01-08-2023	[ERP_Screenshot.png]

Evidence Required for NBA

- Mentor allocation order issued by the department/principal.
- List of mentees signed by HoD/Dean.
- Website uploads or ERP screenshots showing mentoring allocation.
- Mentor–Mentee meeting records to prove implementation.

9.3. Feedback Analysis (20)

9.3.1. Feedback on Teaching and Learning Process and Corrective Measures Taken, if any (10)

Purpose of Feedback on TLP

- To evaluate teaching quality, course delivery, and learning effectiveness.
- Provides a student-centered mechanism for continuous improvement.
- Helps in identifying strengths, gaps, and scope for improvement in the teaching-learning process (TLP).

Feedback Collection Process

- Frequency: Conducted twice per semester (mid-term & end-term) or as per institutional policy.
- Mode of Collection:
  - Online feedback system (ERP, Google Forms, LMS-integrated tools).
  - Offline feedback forms (for students without access to online systems).
- Coverage:
  - All courses, all faculty members.
  - Feedback on course content, teaching methodology, classroom interaction, use of ICT, fairness in evaluation, punctuality, mentoring support.
- Participation Rate:
  - Typically, 70%–90% of students participate.
  - Average participation percentage is calculated year-wise.

Feedback Analysis Process

- **Quantitative Analysis:**
  - **Each parameter is rated on a scale (1–5 or 1–10).**
  - **Average score is calculated per faculty, per course.**
- **Qualitative Analysis:**
  - **Open-ended comments categorized into strengths and areas of improvement.**
- **Department-Level Review:**
  - **Course Coordinators & HoDs consolidate reports.**
  - **Analysis shared with Academic Council/IQAC.**
- **Confidentiality:**
  - **Results shared with faculty individually, maintaining anonymity of students.**

Basis of Reward / Corrective Measures

- **Rewards / Appreciation:**
  - **Faculty with high scores recognized in departmental meetings, given appreciation certificates.**
  - **Best practices identified and shared across departments.**
- **Corrective Measures for Improvement:**
  - **Faculty with below-average scores undergo mentorship, FDPs, pedagogy workshops.**
  - **Encouragement to adopt innovative teaching methods (ICT tools, flipped classroom, project-based learning).**
  - **One-to-one guidance by HoD/Dean for pedagogical improvement.**

Corrective Measures Taken (Examples)

- **No. of Corrective Measures: Typically 8–12 per year (depending on feedback trends).**
- **Examples:**
  - **Introduced blended learning methods (offline + online content).**
  - **Increased use of case studies, real-world problem-solving in classrooms.**
  - **Adoption of LMS for assignments, quizzes, lecture sharing.**
  - **Arranged remedial/tutorial sessions for slow learners based on feedback.**
  - **Enhanced industry expert lectures to supplement curriculum.**
  - **Organized FDPs on effective pedagogy, ICT-based teaching.**

Documentation & Analysis Reports

- **Feedback Forms (blank + filled samples).**
- **Participation Statistics (year/semester-wise, % of students).**
- **Faculty-wise/department-wise analysis reports.**
- **List of Corrective Measures taken & their outcomes.**
- **Evidence of Implementation: Photos of FDPs, circulars, LMS screenshots, remedial class schedules.**

9.3.2. Feedback on Academic Facilities (10)

. **Purpose of Feedback on Academic Facilities**

- To ensure that academic infrastructure and learning resources provided by the institution meet student needs.
- Covers classrooms, laboratories, library, ICT facilities, hostels, canteens, Wi-Fi, sports and medical facilities.
- Enables management to continuously upgrade facilities based on student experiences.

Feedback Collection Process

- Frequency: Collected at least once per academic year (some institutions also do mid-year checks).
- Mode of Collection:
  - Online surveys via ERP, Google Forms, or Institutional LMS.
  - Offline forms/complaint registers for students without digital access.
- Participants: All students; typically, 70–85% response rate.
- Parameters Covered:
  - Classroom and laboratory adequacy (seating, lighting, ventilation, equipment availability).
  - ICT resources (smart boards, projectors, internet, Wi-Fi speed).
  - Library facilities (availability of textbooks, e-resources, digital library, DSpace usage).
  - Hostel and canteen facilities.
  - Cleanliness, sanitation, drinking water, medical support.
  - Sports, gymnasium, and recreational facilities.

Feedback Analysis Process

- **Quantitative Analysis:**
  - **Ratings collected on a 5-point or 10-point scale.**
  - **Departmental/central committee consolidates average scores.**
  - **Trend analysis is done year-wise.**
- **Qualitative Analysis:**
  - **Open comments categorized (e.g., library improvement, lab maintenance, hostel complaints).**
  - **Identified as strengths vs. improvement areas.**
- **Reporting:**
  - **Reports submitted to IQAC/Academic Council.**
  - **Summaries shared with departments and administrative committees.**

Corrective Actions Taken

- **Library:**
  - **Addition of latest textbooks, extended library hours, more e-resource subscriptions.**
- **Laboratories:**
  - **Procurement of new lab equipment, AMC (Annual Maintenance Contracts), calibration of instruments.**
- **ICT Facilities:**
  - **Upgraded Wi-Fi bandwidth, installed additional smart boards, improved LMS functionality.**
- **Hostel & Canteen:**
  - **Improved mess quality, enhanced hygiene monitoring, added water purifiers.**
- **Student Support:**
  - **Creation of grievance redressal system for quick facility-related complaints.**
- **Infrastructure:**
  - **Classroom renovations, additional seating, improved ventilation/lighting.**

Documentation & Evidence

- Feedback Forms (blank + filled samples).
- Participation statistics (No. of students responded / total enrolled).
- Facility-wise feedback analysis reports (scores + comments).
- Corrective action reports (before vs. after status).
- Purchase orders, AMC records, renovation photos.
- Meeting minutes of Library Committee/Infrastructure Committee/IQAC.

Example of Corrective Measure

- Issue Raised: “Library closes too early; not enough time during exams.”
- Corrective Action: Extended library hours till 9 PM; created weekend reading room.
- Impact: 35% increase in student usage during exam period; positive feedback in next cycle.

Example Analysis Snippet

Table (Feedback Score Summary – Students, CAY 2024-25):

Area	Avg. Score (out of 5)	Issues Reported	Corrective Action Taken
Teaching-Learning	4.2	More ICT tools needed	Introduced smart classrooms
Library	3.9	Limited working hours	Extended timings till 9 PM
Wi-Fi/Internet	3.7	Poor connectivity in hostels	Upgraded bandwidth & routers
Labs	4.1	Outdated equipment	Procured new instruments

Corrective Action Taken Reports (CATR)

Issue Identified	Feedback Source	Corrective Action Taken	Responsible Unit	Timeline (Planned vs. Actual)	Evidence	Impact
Limited library hours	Student Feedback (CAY)	Extended timings till 9 PM, added weekend reading hall	Library Advisory Committee	Planned: Jan 2024 → Completed: Feb 2024	Library Circular, Photos	35% increase in library footfall
Poor Wi-Fi in hostels	Student Feedback (CAYm1)	Upgraded from 50 Mbps → 200 Mbps; installed 5 routers	IT Cell	Planned: Jul 2023 → Completed: Aug 2023	Vendor Invoice, Network Map	50% fewer complaints, improved LMS access
Outdated lab equipment	Alumni Feedback (CAYm2)	Procured 10 new lab kits under AMC	Lab In-charge / Procurement Cell	Planned: Dec 2022 → Completed: Mar 2023	Purchase Order, AMC Copy	Enhanced lab-based learning outcomes
Lack of industry-ready skills	Employer Feedback	Added Data Science elective + soft skills workshops	Academic Council / Placement Cell	Planned: Jun 2023 → Completed: Aug 2023	BoS Minutes, Workshop Reports	Better employer feedback; 15% rise in placements

Reports must show timely completion and impact on student satisfaction/performance

Issue Identified	Action Taken	Timeline (Planned vs Actual)	Before Score/Status	After Score/Status	Evidence	Impact on Satisfaction/Performance
Limited library hours	Extended timings & weekend hall	Planned: Jan 2024 → Completed: Feb 2024	Library feedback: 3.6	Library feedback: 3.9	Circular, Photos	35% rise in student library usage
Poor Wi-Fi in hostels	Bandwidth upgrade & new routers	Planned: Jul 2023 → Completed: Aug 2023	Wi-Fi score: 3.2	Wi-Fi score: 3.7	Purchase Order, IT Circular	50% fewer complaints, smoother LMS access
Outdated lab equipment	Procured new kits & AMC	Planned: Dec 2022 → Completed: Mar 2023	Lab score: 3.9	Lab score: 4.1	Invoice, AMC copy	Improved practical learning
Lack of industry-ready skills	Introduced Data Science elective	Planned: Jun 2023 → Completed: Aug 2023	Placement: 72%	Placement: 82%	BoS Minutes, Workshop Reports	15% rise in placements

9.4. Training and Placement Support (10)

- **Objective:** To demonstrate how the institution equips students for employment, internships, entrepreneurship, and higher education opportunities.
- Weightage: 10 marks (direct evidence-based criterion).
- **Focus Areas:**
  - Pre-placement training (soft skills, aptitude, coding tests, mock interviews).
  - Industry interaction (guest lectures, MoUs, internships).
  - Placement calendar and structured activities.
  - Career guidance and counseling.
  - Support for higher studies (GATE, GRE, TOEFL, CAT preparation).

Components to be Documented

- Training Support
  - Regular soft skills and communication training sessions.
  - Technical skill training aligned with industry demand (programming, analytics, domain skills).
  - Aptitude tests, group discussion practice, and mock HR/technical interviews.
  - Pre-final year workshops on resume building and LinkedIn profile creation.
- Placement Calendar
  - Yearly schedule of training, placement drives, and campus recruitment activities.
  - Timelines for internship allocations and industry projects.
  - Structured pre-placement talks (PPTs) by visiting companies.
- Career Guidance
  - Counseling sessions for students on career pathways (corporate jobs, higher studies, entrepreneurship).
  - Dedicated Career Guidance Cell under Training & Placement Officer (TPO).
  - Workshops on competitive exams (GATE, GRE, GMAT, IELTS).
  - Alumni interactions to showcase career progression paths.

- **Effectiveness of Career Guidance**
  - **Feedback reports from students on usefulness of career services.**
  - **Data on percentage of students placed, higher studies, or pursuing entrepreneurship.**
  - **Success stories of students through guidance support.**
- **Industry Interaction**
  - **MoUs with companies for internships and placements.**
  - **Regular industrial visits and guest lectures.**
  - **Collaboration with professional bodies (IEEE, ISTE, CSI, etc.).**
  - **Skill development programs under government/industry initiatives.**
- **Support for Higher Studies**
  - **Guidance for exams: coaching classes, materials, test series.**
  - **Mentoring for applications, Statement of Purpose (SoP), and recommendation letters.**
  - **Tie-ups with training institutes for GRE/TOEFL/GATE preparation.**
  - **Records of students progressing to PG studies in reputed institutes.**

Evidence Required for NBA

- **Training & placement brochures, annual reports, and circulars.**
- **Placement calendar with schedules.**
- **List of training sessions with attendance sheets.**
- **Career counseling reports and student feedback forms.**
- **Records of MoUs/industry tie-ups for internships and placements.**
- **Student progression data (placements, higher studies, entrepreneurship).**
- **Photographs of training sessions, workshops, and placement drives.**

Mapping to NBA Evaluation

- **Quantitative Evidence:**
  - **Percentage of students placed through campus drives.**
  - **Percentage of students pursuing higher studies.**
  - **Number of training sessions conducted.**
  - **Number of companies visiting campus.**
- **Qualitative Evidence:**
  - **Relevance of training to employability.**
  - **Effectiveness of guidance programs.**
  - **Student satisfaction levels.**
- **Marking: Evaluators will check structured support mechanisms, industry engagement, documented schedules, and outcome effectiveness.**

Training_Placement_Support

Sl. No.	Training Type (Soft Skills / Aptitude / Technical / Career Guidance / Mock Interview / Industry Interaction)	Date	Duration (Hrs/Days)	Resource Person / Trainer	Organised By (Dept/TPO/ Industry)	Attendance (No. of Students)	Placement Outcome (e.g., % students placed, skills gained)	Higher Study Guidance Provided (Yes/No – with details)	Industry Interaction / Internship Support	Feedback Score (1–5)	Evidence Link (Brochure/ Report/Photo/Certificate)	Remarks
1	Aptitude Training	10-07-2024	3 Hrs	Mr. XYZ (Trainer)	TPO Cell	120	Improved aptitude test pass rate (85%)	Yes – GATE Guidance	Industry Talk by Infosys	4.5	[Link to Report]	—
2	Resume Building Workshop	20-07-2024	1 Day	Ms. ABC (HR, TCS)	TPO + Alumni Cell	95	30 students shortlisted in campus drive	Yes – GRE/TOEFL Tips	Internship MoU Signed	4.7	[Link to Photos]	—
3	Mock Interview	02-08-2024	1 Day	In-house Faculty & Alumni	Dept. + TPO	100	Increased placement readiness	No	Guest Lecture from Wipro HR	4.6	[Link to Attendance]	—

List of Training Sessions with Attendance Sheets

Sl. No.	Date	Training Type	Session Title	Resource Person / Organization	Target Students (Year/Branch)	Attendance (No. of Students)	Feedback Avg. (1–5)	Outcome (Placement / Higher Study / Skills)	Evidence Link (Brochure/ Photos)	Attendance Sheet Link
1	10-07-2024	Aptitude	Aptitude Training	ABC Academy	Final Year	120	4.5	Improved test scores	[Brochure.pdf]	[Attendance_July.xlsx]

3	05-09-2024	Mock Interview	Tech + HR Interview	Alumni Experts	Final Year	100	4.6	Interview readiness	[Report.pdf]	[Attendance_Sept.xlsx]

MoUs / Industry Tie-ups for Internships and Placements

Sl. No.	Industry Partner	Type of Collaboration (Internship / Placement / Training / Project)	Date of MoU	Validity (Years)	Department(s) Benefited	No. of Students Benefited	Evidence Link (Scanned MoU / Photos / Reports)
1	Infosys Ltd.	Internship + Placement + FDP	15-07-2023	3 Years	CSE, ECE	120	[MoU_Infosys.pdf]
2	TCS iON	Online Assessment + Placement Support	10-08-2023	2 Years	All Branches	200	[MoU_TCS.pdf]
3	Bosch India	Internship + Skill Training	05-09-2023	5 Years	Mechanical, EEE	80	[MoU_Bosch.pdf]

Supporting Evidence

- Signed MoU Scans (PDFs).
- Photographs of MoU signing ceremony.
- Circulars / Notices announcing MoU benefits to students.
- Reports of students placed/interned under the MoU.
- Feedback from students/companies on internship effectiveness.

9.5. Start-up and Entrepreneurship Activities (05)

Scope and Importance

- NBA evaluates how the institution promotes innovation, incubation, and entrepreneurship.
- Marks are allotted (max: 05) based on:
  - Initiatives taken by the institute.
  - Facilities created and their utilization.
  - Effectiveness in encouraging student entrepreneurship/startups.
  - Documented evidence of beneficiaries.

Initiatives to be Documented

- Establishment of Innovation & Entrepreneurship Cell (I&E Cell) / Incubation Centre.
- Participation in national programs (e.g., Atal Innovation Mission, MSME Incubation, DST-NIDHI, AICTE IDEA Lab).
- Entrepreneurship awareness workshops, bootcamps, hackathons, ideation challenges.
- Mentorship by faculty, alumni entrepreneurs, and industry experts.
- Tie-ups with incubators, accelerators, venture capital firms, and government schemes.
- Access to seed funding, prototype grants, pre-incubation mentoring.
- Support for student startups (legal, technical, financial).

Facilities Created / Utilized

- **Dedicated Incubation Spaces: labs, co-working spaces, innovation centres.**
- **Maker Spaces / Fabrication Labs: 3D printers, prototyping equipment.**
- **Startup Cell Portal: online platform to register, track, and mentor student ventures.**
- **Entrepreneurship Development Cell (EDC): organizes training, workshops, and connects students to investors.**
- **Institution's Incubation Policy: guidelines for incubation support, seed money, IP rights.**
- **Library of Resources: market research reports, patents database, entrepreneurial case studies.**

Effectiveness (Impact)

- **Number of startups incubated and successfully registered.**
- **Patents filed / granted emerging from incubation activities.**
- **Students becoming entrepreneurs (with proof: incorporation certificate, website, products).**
- **Funding attracted (grants, angel investors, CSR funds).**
- **Employment generated through student ventures.**
- **Participation in innovation competitions (Smart India Hackathon, e-summits, international contests).**
- **Alumni entrepreneurial success stories.**

Evidence to Provide (NBA Visit)

1. List of startups incubated with year, founders, product/solution, and current status.
2. MoUs with incubation centres/accelerators.
3. Photographs of startup activities (bootcamps, hackathons, demo days).
4. Circulars / brochures of entrepreneurship workshops.
5. Funding sanction letters / seed money approval.
6. Media coverage, newsletters, website references of student ventures.
7. Beneficiary list (students who became entrepreneurs).

List of Beneficiaries

Sl. No.	Student Name	Program & Year	Startup Name	Domain	Year of Start	Current Status (Active/Scaled/Closed)	Support Provided (Incubation/Seed Money/Mentoring)	Evidence Link
1	Arjun Kumar	B.Tech CSE (2021)	AgroTech Solutions Pvt. Ltd.	Agri-Tech	2022	Active	Incubation + ₹2L Seed Fund	[Registration Certificate]
2	Neha Sharma	MBA (2020)	FinXpert	Fin-Tech	2021	Active	Mentoring + Investor Connect	[Company Website]
3	Rahul Verma	B.Tech EEE (2019)	GreenVolt Energy	Renewable Energy	2020	Active	Prototype Lab Access	[Patent Link]

List of Startups Incubated with Year, Founders, Product/Solution, and Current Status

Sl. No.	Startup Name	Founder(s) (Student/Alumni + Program & Year)	Year of Start/Incubation	Product / Solution	Domain	Support Provided	Current Status (Active/Scaled/Closed)	Evidence Link
1	AgroTech Solutions Pvt. Ltd.	Arjun Kumar – B.Tech CSE (2021)	2022	IoT-based smart irrigation system	Agri-Tech	Incubation + ₹2L Seed Fund	Active	[Registration Certificate]
2	FinXpert	Neha Sharma – MBA (2020)	2021	AI-driven personal finance app	Fin-Tech	Mentoring + Investor Connect	Active	[Company Website]
3	GreenVolt Energy	Rahul Verma – B.Tech EEE (2019)	2020	Low-cost solar inverter kits	Renewable Energy	Prototype Lab Access	Closed (2023)	[Patent No.]

MoUs with Incubation Centres / Accelerators

Sl. No.	Incubation Centre / Accelerator	Partner Type	Date of MoU	Validity (Years)	Scope of Collaboration	Student Startups Benefitted	Evidence Link
1	Atal Incubation Centre (AIC)	Govt. Incubator	12-06-2021	5 Years	Pre-incubation, seed funding, mentoring	4	[MoU_AIC.pdf]
2	T-Hub Hyderabad	Startup Accelerator	20-09-2022	3 Years	Mentorship, investor connect, industry tie-ups	3	[MoU_THub.pdf]
3	iCreate, Ahmedabad	Innovation Centre	15-01-2023	3 Years	Prototype lab, innovation workshops	2	[MoU_iCreate.pdf]

9.6. Governance and Transparency (15)

9.6.1. Governing Body, Administrative Setup, Functions of Various Bodies, Service Rules, Recruitment procedures and Promotion Policies (10)

Scope (10 Marks Component)

- **NBA assesses whether the institution has a clear governance and administrative framework with statutory & non-statutory bodies in place.**
- **Evaluators check committee structures, approvals, documentation, policies, and transparency in operations.**

1. Governing Body (GB)

- **Statutory Body as per AICTE/UGC norms.**
- **Composition: Chairperson (external), Management Representatives, Nominee of Affiliating University, AICTE Nominee, Industry Representatives, Senior Faculty Members.**
- **Functions:**
  - **Overall policy-making & strategic direction.**
  - **Approving budgets, financial delegations, new programs.**
  - **Reviewing academic and administrative performance.**
- **Evidence to maintain:**
  - **Approval of GB composition by competent authority.**
  - **Meeting notices, agendas, minutes, resolutions, and action taken reports.**
  - **Uploaded agendas/minutes on the institution's website.**

Administrative Setup & Various Committees

1. **Academic Council / Senate**
   - **Decides curriculum, academic regulations, evaluation methods.**
   - **Approves new courses/programs.**
2. **Internal Quality Assurance Cell (IQAC)**
   - **Quality enhancement initiatives.**
   - **Prepares AQAR, supports accreditation activities.**
3. **Grievance Redressal Committee (GRC)**
   - **For students & staff grievance handling.**
   - **Records petitions, hearing notices, action taken reports.**
4. **Anti-Ragging Committee**
   - **As per UGC/AICTE directives.**
   - **Involves Principal, faculty, police representative, student reps.**
5. **Disciplinary Committee**
   - **Handles misconduct, malpractice, and discipline issues.**
6. **Internal Complaints Committee (ICC) / Women Harassment Mitigation Committee**
   - **As per Vishaka Guidelines / POSH Act.**
   - **Includes presiding officer, external NGO member, faculty, student reps.**
7. **Other Non-Statutory Committees (if applicable)**
   - **Research Advisory Committee.**
   - **Library Advisory Committee.**
   - **Placement & Training Committee.**

Evidence: Constitution orders, list of members with designation, tenure, approvals, circulars of meetings, minutes, and action taken reports.

Service Rules, Recruitment Procedures, and Promotion Policies

- **Service Rules:**
  - **Cover employee conduct, leave rules, code of ethics, appraisal norms.**
  - **Year of publication & updates must be recorded.**
  - **Available on institution's website for transparency.**
- **Recruitment Procedures:**
  - **As per AICTE/UGC/State Govt norms.**
  - **Advertisement → Shortlisting → Selection Committee → Approval by Governing Body → Appointment Order.**
  - **Maintain copies of advertisements, applications, selection committee minutes, appointment letters.**
- **Promotion Policies:**
  - **Based on performance appraisal, research contributions, API scores (as per UGC/AICTE).**
  - **Transparent criteria (publicly available in HR policy).**
  - **Evidence: Promotion orders, appraisal forms, faculty development records.**

Documentation for NBA Submission

- **Committee Approvals:**
  - **Government/Management approval for statutory bodies.**
  - **Signed notifications for committee formation.**
- **Meeting Records:**
  - **Notice, agenda, signed minutes, action taken reports.**
- **Policy Documents:**
  - **Service Rules, Recruitment & Promotion policies (year of publication).**
- **Website Uploads:**
  - **All policies, rules, minutes of GB/AC/IQAC meetings.**

9.6.2. Transparency (05)

Scope and Purpose

- NBA assigns 5 marks under *Transparency* to check whether the institution functions with openness, accountability, and stakeholder awareness.
- The focus is on how policies, rules, processes, financial delegations, and governance records are made accessible to faculty, students, and the public.

Key Requirements for Transparency

1. Policies & Rules
    - Academic regulations, admission policies, examination rules, anti-ragging policies.
    - Human resource policies (recruitment, promotion, leave, appraisal).
    - Research and innovation policies, IP rights policy, consultancy guidelines.
    - Grievance redressal policies (students & faculty).
    - All uploaded on the official institution website in a dedicated "Policies/Rules" section.
2. Delegation of Financial Powers
    - Document defining who approves financial transactions (e.g., Governing Body → Director/Principal → HoDs).
    - Approval limits for different levels (e.g., HoD up to ₹25,000, Director up to ₹1 lakh, GB beyond).
    - Policy uploaded publicly on website for accountability.
3. Processes & Procedures
    - Admission and examination processes.
    - Student progression processes (placements, higher studies, entrepreneurship).
    - Procurement and vendor selection procedures.
    - Transparent criteria for faculty appraisal, promotions, and research funding.

Governing Body / Academic Council / Senate

- Agendas, minutes, and decisions of governing councils are to be published on the website.
- Should include academic reforms, budget allocations, new programs, policy decisions.
- Signed copies (PDFs) should be uploaded year-wise.

Dissemination of Information

- Institution's website is the primary channel – must be regularly updated.
- Also use student handbooks, circulars, notice boards, emails, and ERP systems for dissemination.
- Transparency demonstrated through open access to minutes, reports, policies.

Stakeholder Awareness

- Students: aware of academic rules, grievance systems, placement processes.
- Faculty: informed about HR rules, financial delegations, academic council decisions.
- Alumni/Employers: access to institutional policies and governance through website.
- Evidence through student/faculty surveys showing level of awareness.

Evidence for NBA

- Website links to:
  - Policies & Rules (Admission, Exam, HR, Research, Consultancy).
  - Delegation of Financial Powers document.
  - Uploaded Governing Body / Academic Council / Senate agendas & minutes (signed PDFs).
  - Circulars and notifications uploaded on the site.
- Records of awareness sessions (induction, workshops, orientation programs).
- Surveys showing stakeholder awareness of policies.

Survey Reports showing Stakeholder Awareness

Stakeholder Group	Policy/Process	% Aware	Awareness Method (Website/Orientation/ Workshop)	Action Taken (if <80% awareness)	Evidence Link
Students	Exam Rules	92%	Orientation + Website	–	[Survey_Report_2023.pdf]
Faculty	Promotion Policy	75%	Faculty Induction	FDP on Career Progression held	[Faculty_Survey.xlsx]
Staff	Service Rules	68%	Staff Meeting	Circulated handbook	[Staff_Handbook.pdf]
Alumni	Incubation Policy	60%	Alumni Meet	Policy shared via Alumni Portal	[AlumniNewsletter.pdf]

Evidence to Show NBA

- Survey questionnaire copies.
- Response analysis charts (bar, pie).
- Signed survey report.
- Circulars or website updates based on survey findings.
- Follow-up “Action Taken Report” (ATR).

9.7. Budget Allocation, Utilization, and Public Accounting at Institute Level (12)

Purpose of Budget Allocation & Public Accounting

- **NBA requires institutions to demonstrate financial transparency and accountability.**
- **Ensures that adequate resources are allocated for academic, research, infrastructure, faculty development, and student support.**
- **Provides proof that financial management is systematic, audited, and publicly accessible.**

Key Requirements by NBA

- **Budget Preparation:**
  - **Annual budget is prepared department-wise and consolidated at institute level.**
  - **Approved by the Board of Governors (BoG)/Governing Body (GB)/Governing Council (GC) before the start of financial year.**
- **Utilization Tracking:**
  - **Actual expenditure is tracked and reported against the approved budget.**
  - **Justification for variations is documented.**
- **Public Accounting:**
  - **Exclusive audited financial records for CFY, CFYm1, CFYm2, CFYm3.**
  - **Records must be separately maintained for each institution, even if the management oversees multiple institutions.**
  - **Summaries must be published on the institute's website for transparency.**

Budget Heads (Typical Categories)

1. **Academic Activities & Learning Resources**
   - **Library (books, journals, e-resources).**
   - **Laboratories (equipment, consumables, AMC).**
   - **ICT facilities, software, LMS subscriptions.**
2. **Faculty & Staff Development**
   - **FDPs, workshops, seminars, conferences.**
   - **Research grants, patents, consultancy support.**
   - **Faculty recruitment and salary provisions.**
3. **Infrastructure Development & Maintenance**
   - **Classrooms, hostels, canteens, sports facilities.**
   - **Renovation, repairs, utilities (electricity, water).**
   - **Green energy initiatives (solar, rainwater harvesting).**
4. **Student Support & Welfare**
   - **Scholarships, fee waivers, inclusivity measures.**
   - **Support for socially/economically weaker students.**
   - **Student clubs, cultural activities, outreach programs.**
5. **Administrative & Governance**
   - **E-governance platforms (ERP, MIS).**
   - **IQAC, NBA/NAAC-related expenses.**
   - **Office management and audit fees.**

Evidence Required

- **Approved Budget Documents for CFY, CFYm1, CFYm2, CFYm3 (BoG/GB/GC signed copies).**
- **Audited Utilization Certificates and financial statements.**
- **Variance Reports (budget vs actual expenditure).**
- **Public Disclosure Evidence: Institute's website links showing budget/expenditure details.**
- **Supporting Documents: Bills, vouchers, AMC contracts, purchase orders.**

Structure of the Table (for CFYm1)

Particulars	CFYm1 (2023–24)	Remarks
Total Income		Sum of all sources
a) Fees		Tuition + other student fees
b) Govt. Grant(s)		Grants from UGC/AICTE/State/Central
c) Other Sources (Specify)		Endowments, CSR, donations, consultancy revenue, interest, etc.
Actual Expenditure in CFYm1		Audited expenditure
Total Students in the Institute		Headcount (UG + PG + PhD)
Expenditure per Student in CFYm1		= (Actual Expenditure ÷ Total Students)

Budget and Actual Expenditure Report at Institute Level

Items	Budgeted (CFY 2024–25)	Actual (CFY till date)	Budgeted (CFYm1 2023–24)	Actual (CFYm1)	Budgeted (CFYm2 2022–23)	Actual (CFYm2)	Budgeted (CFYm3 2021–22)	Actual (CFYm3)
Infrastructure Built-Up	500	320	450	440	400	390	350	340
Library	80	50	75	70	65	63	60	58
Laboratory Equipment	200	120	180	175	160	155	140	138
Teaching & Non-Teaching Salary	1200	800	1100	1080	1000	980	900	880
Outreach Programs	50	25	45	40	40	38	35	32
R&D	150	90	140	135	130	128	120	115
Training, Placement & Industry Linkage	70	35	65	62	60	58	55	53
SDGs	40	20	35	30	28	25	20	18
Entrepreneurship	60	30	55	50	50	48	40	38
Others (Specify)	30	15	25	24	20	19	15	14
Total	2380	1505	2170	2106	1953	1904	1735	1686

9.8. Program Specific Budget Allocation, Utilization (08)

Purpose of Program-Level Budgeting

- NBA requires exclusive financial details at the program level (e.g., B.Tech CSE, Mechanical, ECE, MBA).
- Helps assess whether each program has:
  - Sufficient budget allocation to maintain quality in teaching-learning, labs, R&D, and student support.
  - Efficient utilization of funds over multiple years (CFY, CFYm1, CFYm2, CFYm3).
- Ensures financial accountability and transparency within each program.

Program-Level Budget Components

Budget should cover academic and developmental needs specific to the program:

1. Laboratory Equipment & Maintenance
   - Purchase of new equipment, calibration, AMC.
2. Software & ICT Resources
   - Licenses, renewals, domain-specific applications.
3. Research & Development (R&D)
   - Faculty/student research projects, publications, patents, consultancy.
4. Faculty Development & Training
   - FDPs, conferences, industry immersion, pedagogy workshops.
5. Student Support & Industrial Training
   - Guest lectures, internships, expert talks, skill development programs.
6. Sustainability & SDG Initiatives
   - Campus green projects, waste management, renewable energy adoption.
7. Miscellaneous Academic Expenses
   - Department seminars, workshops, accreditation expenses, outreach.

Budgeting & Utilization Approach

- Year-wise Data Required:
  - CFYm3 (3 years ago)
  - CFYm2 (2 years ago)
  - CFYm1 (last year)
  - CFY (current year – ongoing)
- Approved Budget vs. Actual Expenditure must be shown.
- Variance Analysis (under/over-utilization) should be documented with justifications.
- Approval Process:
  - Program-level budgets prepared by HoD.
  - Consolidated at Institute level → Approved by BoG/GB/GC.

Evidence Required

- Approved Program Budgets (BoG/Department Council approvals).
- Audited Utilization Statements (for CFYm1, CFYm2, CFYm3).
- Supporting Bills & Vouchers (equipment/software purchases, FDPs, internships).
- Website Disclosure (budget summaries uploaded for transparency).

Key Fields in the Summary Table (for CFYm1, CFYm2, CFYm3)

Particulars	Description
Total Budget in CFYm1	Funds allocated for the program at the start of FY (as per BoG approval).
Actual Expenditure in CFYm1	Audited expenditure at year end.
Total No. of Students in CFYm1	Student strength (UG) enrolled in program.
Demanded Budget	Budget requested by the department/program during planning.
Allocated Budget	Final approved amount after BoG/management approval.
% Spent	(Actual Expenditure ÷ Allocated Budget) × 100.
Expenditure per Student	(Actual Expenditure ÷ Total Students).
Justification & Process of Budgeting	Narrative explaining how the budget was prepared and adjusted.

Example (CFYm1 – 2023–24, B.Tech CSE Program)

Particulars	Amount / Details
Total Budget in CFYm1	₹300 Lakhs
Actual Expenditure in CFYm1	₹295 Lakhs
Total No. of Students in CFYm1	900
Demanded Budget	₹310 Lakhs
Allocated Budget	₹300 Lakhs
% Spent	98.3%
Expenditure per Student	₹0.33 Lakhs
Justification & Budgeting Process	Department HoD submitted requirement (labs, software, FDPs, R&D). Consolidated at institute level → approved by BoG. Adjustments made for optimized utilization in software licenses and FDP support.

Budget and Actual Expenditure Report at Program Level for NBA submission

Items	Budgeted (CFY 2024–25)	Actual (CFY, till date)	Budgeted (CFYm1 2023–24)	Actual (CFYm1)	Budgeted (CFYm2 2022–23)	Actual (CFYm2)	Budgeted (CFYm3 2021–22)	Actual (CFYm3)
Laboratory Equipment	50	30	45	42	40	38	35	32
Software	25	15	20	19	18	16	15	14
SDGs Initiatives	20	10	15	12	12	11	10	9
Faculty Development	30	20	25	22	22	20	18	17
R&D	40	25	35	32	30	28	25	23
Industrial Training/Internships	25	18	22	20	18	17	15	14
Miscellaneous	10	5	8	7	7	6	5	5
Total	200	123	170	154	147	136	123	114

9.9. Quality of Learning Resources (Hard/Soft) (05)

- **Definition & Scope**
  - ***Quality of Learning Resources*** **measures the adequacy, accessibility, and usefulness of physical (hard) and digital (soft) resources that support curriculum learning, research, and self-learning.**
  - **It now increasingly includes institutional repositories like DSpace that preserve and provide open access to academic content.**
- **Hard Resources (Physical Learning Resources)**
  - **Library Books & References: Updated editions of textbooks, handbooks, reference books, and competitive exam prep materials.**
  - **Print Journals & Magazines: Subject-specific research journals, national/international magazines, periodicals.**
  - **Lab Manuals & Guides: Hard copies of laboratory manuals, course guides, workshop notes.**
  - **Other Records: Previous exam papers, hardbound theses, project reports.**

- **Soft Resources (Digital / E-Resources)**
  - **E-Journals & E-Books: Subscriptions to IEEE, Springer, Elsevier, Taylor & Francis, etc.**
  - **MOOCs & Online Courses: NPTEL, SWAYAM, Coursera, edX – accessible via institute login.**
  - **Software Tools: MATLAB, AutoCAD, Ansys, Python/R, SPSS for curriculum and research support.**
  - **LMS Integration: Moodle, MS Teams, Google Classroom hosting notes, PPTs, recorded lectures.**
  - **DSpace Institutional Repository:**
    - **Acts as a digital archive for theses, dissertations, research papers, faculty publications, project reports, and course materials.**
    - **Provides open access or restricted access based on institutional policy.**
    - **Facilitates long-term digital preservation and metadata indexing of institutional knowledge.**
    - **Enables students and researchers to search, download, and cite institutional academic output.**

- **Accessibility of Resources to Students**
  - **Library Services: Extended hours, book banks, reprography services.**
  - **Digital Access: 24x7 access to e-resources and DSpace via institutional login, IP-based access, or VPN.**
  - **Wi-Fi & Labs: Campus-wide Wi-Fi and computer labs to ensure no student is left behind.**
  - **Assistive Technologies: Screen readers, large print resources, ergonomic access for differently-abled students.**
  - **DSpace Features:**
    - **User-friendly search with metadata tagging.**
    - **Remote login facility.**
    - **Direct linking of DSpace with institutional websites/LMS.**

- **Support for Self-Learning Activities**
  - **Orientation on E-Resources & DSpace: Training sessions on how to search, download, and cite resources.**
  - **Research Tools: Plagiarism check (Turnitin, Urkund), citation managers (Mendeley, EndNote, Zotero).**
  - **Virtual Labs & Coding Platforms: Self-paced labs and coding practice environments.**
  - **Peer Learning & Clubs: Study circles, hackathons, and student-led seminars supported with DSpace project archives.**

Research Support: Students can access previous dissertations, publications, and institutional project reports from DSpace to guide self-learning

- **Effectiveness & Impact**
  - **DSpace enhances knowledge retention and institutional visibility.**
  - **Students gain easy access to high-quality references, improving projects, publications, and higher studies preparation.**
  - **Promotes a self-directed learning ecosystem supported by digital access and institutional repositories.**
  - **Increases citation, research collaborations, and overall academic reputation of the institution.**

Self-Learning Support Evidence

- **NPTEL/SWAYAM Certificates (student participation).**
- **Workshops / Training Session Reports on research tools (Mendeley, EndNote, Turnitin).**
- **Evidence of Self-Learning Projects (students using DSpace, MOOCs, LMS).**
- **Plagiarism Check Reports (Turnitin/Urkund usage proof).**

9.10. E-Governance (05)

Definition & Scope

- E-Governance in higher education refers to the use of ICT-enabled systems and processes for efficient academic, administrative, and support services.
- It ensures transparency, accessibility, accountability, and sustainability in institutional operations.

Key E-Governance Initiatives

- Academic Administration:
  - Online admission, registration, and fee payment systems.
  - Automated timetable generation and attendance management.
  - Examination management (hall ticket generation, result publication, revaluation requests).
- Learning Management Systems (LMS):
  - Moodle, Google Classroom, MS Teams, or in-house LMS for course delivery.
  - Hosting of lecture notes, recorded sessions, assignments, and online quizzes.
- Digital Library Systems:
  - Integration of e-resources and repositories (DSpace, N-LIST, INFLIBNET, IEEE, Springer).
  - Remote access to journals, e-books, and digital archives.
- Administrative & Governance Tools:
  - ERP systems (Enterprise Resource Planning) for finance, payroll, HR, procurement.
  - Online grievance redressal system.
  - E-notice boards, email/SMS alerts for communication.
- Student & Faculty Support Services:
  - Online portals for placements, internships, and alumni interaction.
  - Faculty appraisal and performance management systems.
  - Student progression tracking dashboards.

Sustainable Practices in Academic & Learning Management

- **Paperless Administration:**
  - **Use of online circulars, notices, approvals, and digital records instead of printed copies.**
- **E-Assessment & E-Content:**
  - **Adoption of online examinations, digital answer evaluation, and cloud storage.**
  - **Faculty-created e-content (videos, e-modules, simulations) accessible anytime.**
- **Green Computing Initiatives:**
  - **Reduced carbon footprint through digitization.**
  - **Centralized servers and cloud platforms instead of individual paper files.**
- **Remote Accessibility:**
  - **VPN, remote login, and cloud access for faculty and students.**

Campus-Wide Computing Resources

- **IT Infrastructure:**
  - **Computer labs with high-speed internet, licensed software, and specialized tools.**
  - **Campus-wide Wi-Fi with secure authentication.**
- **Cloud & Data Storage:**
  - **Use of institutional cloud services for assignments, projects, and research.**
- **Digital Classrooms:**
  - **Smart boards, projectors, and video-conferencing-enabled lecture halls.**
- **Cybersecurity Practices:**
  - **Firewalls, antivirus, data encryption, and regular IT audits to ensure secure access.**

Accessibility & Availability

- **For Students:**
  - **Anytime, anywhere access to LMS, e-resources, and repositories.**
  - **Availability of assistive technologies (screen readers, text-to-speech) for differently-abled students.**
  - **Online feedback and grievance systems for transparency.**
- **For Faculty:**
  - **E-attendance and e-leave systems.**
  - **Research support via access to online tools (Turnitin, Grammarly, Mendeley).**
  - **Performance appraisal and API (Academic Performance Indicator) portals.**

Impact & Effectiveness

- **Enhanced transparency in admissions, examinations, and results.**
- **Improved student engagement through digital learning and MOOCs integration.**
- **Faster decision-making and efficient resource management via ERP.**
- **Stronger academic governance with data-driven insights.**

Contribution to sustainability goals (SDGs) by reducing paper and energy wastage

Comprehensive list of required documents/evidence

1. Policy & Framework Documents

- E-Governance Policy Document (approved by Governing Council/IQAC).
- ICT & IT Infrastructure Policy (Wi-Fi, cybersecurity, data management).
- Data Security / Backup Policy (cloud, ERP, LMS, DSpace repositories).

2. ERP & Administrative Systems

- ERP User Manuals / Screenshots (modules for admissions, fee payment, timetable, exam).
- Admission Records (online applications, merit list, seat matrix).
- Online Fee Collection Reports (receipts, transaction logs, audit reports).
- Timetable & Attendance Management Logs (ERP generated).
- Examination Records (online hall ticket, seating plan, results, revaluation requests).

3. Learning Management System (LMS)

- LMS Access Records (student/faculty log-ins, usage reports).
- Sample Course Pages (uploaded notes, PPTs, videos, assignments, quizzes).
- E-Content Repository Evidence (faculty-developed modules, video lectures, MOOCs integration).
- NPTEL / SWAYAM Course Adoption Records (students enrolled, completion certificates).

4. **Digital Library & Repositories**

- DSpace Repository Evidence (metadata records, theses/dissertations uploaded, usage logs).
- E-Resources Subscription Invoices (IEEE, Springer, ScienceDirect, DELNET, N-LIST, etc.).
- Access Logs / Usage Reports (monthly/annual usage of digital library platforms).
- Library Automation System Records (OPAC, barcode systems, issue/return reports).

5. **Communication & Governance Tools**

- E-Notice Board Records (screenshots of online notices/circulars).
- Official Communication Channels (email/SMS records sent to students/faculty).
- Online Grievance Redressal System Evidence (portal screenshots, case logs, action taken).
- Alumni & Placement Portal Data (job postings, alumni registrations, interactions).
- Faculty Appraisal & Performance System Records (API portal, digital appraisal forms).

6. **Campus-Wide Computing Resources**

- Wi-Fi Network Setup Documentation (coverage maps, bandwidth allocation).
- Computer Lab Inventory (number of systems, configuration, licensed software).
- Software License Certificates (MATLAB, Ansys, AutoCAD, SPSS, etc.).
- Cybersecurity & IT Audit Reports (firewall, antivirus, backup systems).
- Smart Classroom / ICT Equipment Inventory (projectors, smart boards, video-conferencing units).

7. Sustainable Practices Evidence

- **Paperless Administration Proofs (digital approvals, e-signatures, online workflows).**
- **E-Examination / Digital Evaluation Reports (sample answer scripts evaluated online).**
- **Cloud-based Storage Evidence (institutional email/Google Workspace/MS Office 365 usage).**
- **Green Practices in IT Usage (server virtualization, energy-efficient systems).**

8. Training & Awareness

- **ICT Training Session Records (orientation workshops for students/faculty).**
- **User Awareness Materials (manuals, circulars, LMS training PPTs).**
- **Feedback Reports on E-Governance Tools (student/faculty satisfaction surveys).**

9. Impact & Effectiveness

- **Reports Showing Improvement (time saved in admissions/exams, grievance resolution efficiency).**
- **Student Satisfaction Surveys (SSS) highlighting e-governance facilities.**
- **Case Studies / Best Practices (examples of digital initiatives).**

9.11. Initiatives and Implementation of Sustainable Development Goals (SDGs) (10)

1. Purpose of SDG Initiatives in Higher Education

- NBA expects institutions to align policies, practices, and projects with UN-SDGs (2030 Agenda).
- Ensures that students and faculty contribute to sustainability, inclusivity, and responsible innovation.
- Focus areas include green energy, waste reduction, water preservation, net-zero commitments, and quality education.

2. Key Areas of Implementation & Examples

A. Green Energy (SDG 7 – Affordable & Clean Energy)

- Installation of solar panels, wind power units, and energy-efficient equipment.
- Smart classroom lighting with motion sensors, LED bulbs.
- Evidence: Solar energy generation records, energy audit reports, photos of installations.

B. Waste Management (SDG 12 – Responsible Consumption & Production)

- Segregation of biodegradable, plastic, and e-waste.
- Partnerships with recyclers for e-waste disposal.
- Composting units for organic waste.
- Evidence: Waste audit reports, MoUs with recyclers, photos of composting sites.

C. Water Conservation (SDG 6 – Clean Water & Sanitation)

- **Rainwater harvesting units installed on campus.**
- **Water recycling plants for greywater usage in gardening.**
- **Regular water audits and awareness campaigns.**
- **Evidence: Water audit reports, rainwater harvesting structures, lab tests of water quality.**

D. Net Zero Commitment (SDG 13 – Climate Action)

- **Roadmap to achieve carbon neutrality by reducing campus emissions.**
- **Tree plantation drives and green campus initiatives.**
- **Reduced carbon footprint through e-mobility (bicycles, EV charging stations).**
- **Evidence: Carbon audit reports, plantation data, transport policy.**

E. Quality Education (SDG 4 – Inclusive & Equitable Education)

- **Free access to MOOCs, NPTEL, SWAYAM, DSpace repositories.**
- **Skill development centers for employability and entrepreneurship.**
- **Evidence: LMS screenshots, course enrollment data, student project reports.**

F. Reuse, Recycle & Reduce Practices (SDG 12 – Responsible Consumption)

- **Paperless governance through ERP, e-governance, digital library.**
- **Use of recycled water, reused furniture/lab equipment.**
- **Banning of single-use plastics on campus.**
- **Evidence: ERP screenshots, digital workflows, plastic-free policy documents.**

3. Implementation Strategies

- **Academic Projects:**
  - **Student capstone projects on renewable energy, waste management, water conservation.**
  - **Research papers on sustainable technologies.**
- **R&D Activities:**
  - **Funded research on solar, bioenergy, water purification, sustainable agriculture.**
  - **Patents in renewable technologies.**
- **Entrepreneurial Activities:**
  - **Incubation support for startups in green energy, recycling, eco-products.**
  - **Student ventures promoting sustainability.**
- **Outreach & Extension Programs:**
  - **Awareness campaigns in nearby communities on water conservation, plastic reduction, renewable adoption.**
  - **Collaboration with NGOs, local governments under Unnat Bharat Abhiyan.**

Documentation & Evidence

- Policy documents on energy, waste, and water management.
- Audit reports: Energy audit, water audit, waste audit, carbon footprint audit.
- MoUs with sustainability partners (NGOs, recyclers, renewable companies).
- Reports & photos of student/faculty projects, workshops, plantation drives.
- R&D Evidence: Publications, patents, prototypes.
- Entrepreneurial Evidence: Startup details, incubation records, funding reports.

Impact Indicators

- Reduction in electricity bills due to renewable adoption.
- Increase in water savings (liters per year) via rainwater harvesting.
- Reduced waste sent to landfill through recycling initiatives.
- Higher student awareness measured via surveys and NSS/NCC participation.
- Enhanced community development through outreach projects.

NBA Expectation

- Clear linkage of SDGs with institutional practices.
- Evidence of sustained initiatives for at least 3 years (CAY, CAYm1, CAYm2).
- Impact reports showing measurable outcomes (energy saved, water recycled, waste reduced, students benefitted).
- Integration of SDG initiatives into curriculum, research, outreach, and governance.

9.12. Innovative Educational Initiatives and Implementation (05)

1. Student Mobility & Academic Bank of Credits (ABC)

- **Student Mobility Initiatives**
  - **Provision for credit transfer and dual degree programs with collaborating universities.**
  - **Opportunities for semester exchange, internships, and projects in industries/international institutions.**
- **Academic Bank of Credits (ABC)**
  - **Implementation of National Academic Bank of Credits (as per NEP 2020).**
  - **Students can accumulate, transfer, and redeem credits earned through different HEIs and online platforms (NPTEL, SWAYAM, MOOCs).**
  - **Institution ensures LMS/ERP integration with ABC portal.**

2. Holistic Education & Human Values

- **Value-based Education:**
  - **Courses on Professional Ethics, Environmental Studies, Constitution of India, and Human Values embedded in curriculum.**
- **Life Skills Development:**
  - **Soft skills, leadership training, stress management, and health/well-being workshops.**
- **Cultural & Sports Integration:**
  - **Student clubs, NSS/NCC, cultural festivals, and sports activities supporting all-round growth.**
- **Community Engagement:**
  - **Participation in social responsibility projects and outreach programs.**

3. Multidisciplinary / Interdisciplinary Curriculum

- Introduction of open electives across engineering, management, sciences, humanities.
- Minor Degree/Additional Electives: Allowing students to pursue knowledge in AI, Data Science, Entrepreneurship, Design Thinking, Sustainability.
- Industry-Integrated Programs: Joint projects, hackathons, and skill-based certifications.
- Promotion of research-based learning and capstone projects that cut across departments.

4. Indian Knowledge System (IKS) & Indian Language Teaching

- Integration of IKS in Curriculum:
  - Courses/modules on Ayurveda, Vedic Mathematics, Indian Philosophy, Indigenous Technology, Sustainable Practices.
  - Student projects aligned with local wisdom and heritage.
- Teaching in Indian Languages:
  - Courses offered in regional languages in line with NEP 2020 guidelines.
  - Translation of learning materials (lab manuals, guides, lecture notes) into Hindi/regional language.

    Faculty training programs for bilingual teaching

5. Inclusivity & Equity

- **Policy Frameworks:**
  - **Equal Opportunity Cell / SC-ST Cell / Minority Cell / Gender Equity Cell.**
- **Support for Economically Weaker Sections (EWS):**
  - **Scholarships, fee waivers, free access to learning resources.**
- **Support for Socially & Physically Challenged Students:**
  - **Assistive technologies (screen readers, ramps, ergonomic seating, braille books).**
  - **Peer tutoring and mentorship support.**
  - **Exam concessions and additional support staff for differently-abled students.**

6. Action Plan for Slow Learners

- **Identification:**
  - **Continuous internal assessments, faculty feedback, attendance records.**
- **Support Mechanisms:**
  - **Remedial classes, bridge courses, peer mentoring, and academic counseling.**
  - **Learning through tutorials, extra problem-solving sessions, online recorded lectures.**
- **Monitoring Progress:**
  - **Regular review of performance through tests and feedback.**
  - **Parent-mentor meetings to track improvement.**
- **Documentation:**
  - **Maintain year-wise records of slow learners and their academic progression.**

7. Impact

- **Enhanced student progression, better employability, and social awareness.**
- **Integration of NEP 2020 vision into institutional practices.**
- **Development of responsible, skilled, and empathetic graduates aligned with global and national priorities.**

Comprehensive list of required documents/evidence

1. Student Mobility & Academic Bank of Credits (ABC)

- Copy of ABC registration approval from UGC/ABC portal.
- ABC enrollment records of students (ABC IDs, credits earned/transferred).
- Evidence of student exchange/credit transfer programs with other universities.
- Circulars/notices issued to students regarding ABC adoption.
- Sample student transcripts showing credit transfer.

2. Holistic Education & Human Values

- Curriculum documents including courses on Environmental Studies, Constitution of India, Human Values, Professional Ethics.
- Course files & syllabus copies showing human values/ethics content.
- Reports of workshops/seminars on personality development, stress management, life skills.
- Evidence of sports, cultural, NSS/NCC activities integrated into holistic education.
- Student feedback reports on value-based education initiatives.

3. Multidisciplinary / Interdisciplinary Curriculum

- List of open electives available across departments.
- Curriculum framework & BoS approval minutes showing interdisciplinary courses.
- Records of minor degrees/add-on programs offered.
- Project reports/case studies demonstrating interdisciplinary approach.
- Student enrollment records in cross-disciplinary electives.

4. **Indian Knowledge System (IKS)**

- Policy/curriculum documents integrating Indian heritage & indigenous knowledge.
- Course outlines/modules on Vedic Mathematics, Ayurveda, Indian Philosophy, Traditional Knowledge Systems.
- Evidence of student projects aligned to IKS themes.
- Reports of seminars/workshops/expert talks on Indian Knowledge Systems.

5. **Contribution to Teaching in Indian Languages**

- Language policy of the institution (in line with NEP 2020).
- Sample translated course materials, lab manuals, and lecture notes.
- Faculty training records for bilingual/regional language teaching.
- Reports of courses offered in regional languages.
- Student feedback on learning in mother tongue/regional language.

6. **Inclusivity & Equity**

- Equal Opportunity Policy / Inclusivity Policy documents.
- Scholarship records for EWS/SC/ST/OBC/Minority/Physically Challenged students.
- Evidence of assistive technologies (screen readers, ramps, Braille materials, ergonomic seating).
- Institutional support services for differently-abled (special exam provisions, peer tutoring, scribes).
- Student satisfaction surveys on inclusivity and equity initiatives.

7. Support for Slow Learners

- Policy/guidelines on identifying and supporting slow learners.
- Records of remedial classes, bridge courses, and mentoring sessions.
- Attendance logs and learning materials for remedial sessions.
- Progress reports showing improvement in pass percentage/retention rate.
- Faculty feedback and parent-mentor meeting records.

8. Evidence of Implementation & Impact

- Year-wise reports on each initiative with data on students benefitted.
- Feedback reports from students and faculty.
- Impact assessment reports (e.g., increased academic performance, inclusivity improvements).
- Media coverage/photographs of workshops, seminars, and awareness activities.
- Minutes of Academic Council / IQAC meetings approving these initiatives.

Structure of Impact Assessment Report

Initiative	Action Taken	Evidence	Before Status	After Status	Impact
Academic Bank of Credits	Integration with ABC portal & NPTEL credits	ABC Enrollment Data	Limited credit transfer	200 students redeemed NPTEL credits	Improved flexibility & mobility
Inclusivity & Equity	Scholarships & assistive technologies	Scholarship Records, Photos	EWS enrollment: 12%	EWS enrollment: 18%	Enhanced inclusivity
Slow Learner Support	Remedial classes, bridge courses	Attendance Records, Progress Reports	Pass rate: 65%	Pass rate: 85%	Improved academic progression
Holistic Education	Soft skill & leadership workshops	FDP Reports, Feedback Sheets	Avg. soft skill feedback: 3.6	Avg. feedback: 4.2	Improved student satisfaction
Industry Readiness	New electives (AI, DS), hackathons	BoS Minutes, Placement Data	Placement: 72%	Placement: 82%	Higher employability

9.13. Faculty Performance Appraisal and Development System (FPADS) (10)

1. Purpose of FPADS

- **Faculty in Higher Education Institutions (HEIs) perform multi-dimensional roles: teaching, research, innovation, administration, and community service.**
- **An effective FPADS ensures:**
  - **Recognition and motivation for high-performing faculty.**
  - **Identification of faculty requiring support and training.**
  - **Alignment of faculty contributions with institutional vision and NBA accreditation parameters.**
  - **Continuous professional growth and academic excellence.**

2. Components of Faculty Performance Appraisal

A. Teaching & Instructional Role

- **Quality of course delivery, innovation in pedagogy, ICT integration.**
- **Student feedback scores on teaching-learning effectiveness.**
- **Development of course materials, lab manuals, online resources.**

B. Research & Innovation

- **Research publications in Scopus/SCI-indexed journals.**
- **Funded projects, consultancy assignments, patents, prototypes.**
- **Participation in FDPs, workshops, seminars for continuous knowledge renewal.**

C. Industry & Community Engagement

- **Industry-linked projects, internships guided, MoUs facilitated.**
- **Consultancy services provided to local industries.**
- **Outreach activities, community service (NSS/NCC/UBA guidance).**

D. Administrative & Institutional Responsibilities

- **Contributions as HoD, Dean, IQAC Coordinator, NBA/NAAC coordinator, etc.**
- **Roles in examination cell, placement cell, cultural/technical events.**
- **Participation in institutional committees and decision-making.**

E. Professional Development

- **Participation in FDPs, MOOCs, refresher/orientation courses.**
- **Membership in professional bodies (IEEE, ISTE, CSI, IETE, etc.).**
- **Achievements, recognitions, awards at state/national/international level.**

3. Appraisal Mechanism

- **Self-Appraisal: Faculty submit self-appraisal forms highlighting achievements.**
- **Student Feedback: Consolidated analysis of student evaluations.**
- **Peer Review: Assessment by senior colleagues/HoDs on teaching & institutional contributions.**
- **HoD/Principal Review: Final appraisal including research, community service, and administrative contributions.**
- **Weightage Distribution:**
  - **Teaching: 40–50%**
  - **Research & Publications: 20–25%**
  - **Industry/Community Service: 10–15%**
  - **Administration: 10–15%**
  - **Professional Development: 5–10%**

4. Faculty Development System (FDS)

- **Faculty with excellent appraisal scores are recognized with awards, promotions, and incentives.**
- **Faculty with low appraisal scores receive:**
  - **Mentoring by senior faculty.**
  - **Mandatory participation in pedagogy/ICT training programs.**
  - **Opportunities for skill upgradation (AI, Data Science, Emerging Tech).**
- **Institute organizes Faculty Development Programs (FDPs) to upgrade competencies.**
- **Sabbatical/industry immersion for practical exposure.**

5. Documentation for NBA

- Faculty Appraisal Policy Document (clearly defining criteria & weightages).
- Self-Appraisal Forms (for CAY, CAYm1, CAYm2).
- Consolidated Appraisal Reports (department-wise, year-wise).
- Evidence of Implementation:
  - Student feedback reports.
  - Faculty research/publication records.
  - FDP participation certificates.
  - Industry consultancy/project reports.
- Impact Evidence: Improvement in faculty research output, teaching quality, student satisfaction, and institutional rankings.

6. Example (FPADS in Practice)

- Issue Identified: Low student feedback for a course in Digital Electronics.
- Action Taken: Faculty guided to attend FDP on Innovative Teaching Practices.
- Evidence: FDP participation certificate, revised course plan.
- Impact: Student feedback improved from 3.5/5 → 4.2/5 in next cycle.

7. NBA Expectation

- A structured FPADS policy with clear criteria, well-implemented for at least 3 years (CAY, CAYm1, CAYm2).
- Evidence that appraisal leads to faculty growth, motivation, and institutional development.
- Proof that underperforming faculty are supported, not penalized.

9.14. Outreach Activities (05)

1. **Definition & Scope**

- Outreach Activities are initiatives undertaken by the institution to connect students and faculty with the community, society, and national development programs.
- They provide opportunities for students to engage in socially relevant projects, internships, rural immersion, and awareness programs, thereby developing responsibility, empathy, and leadership qualities.

2. **Key Outreach Activity Categories**

- Community Service & Social Responsibility
  - Blood donation camps, health awareness programs, environment drives (tree plantation, clean campus/clean city initiatives).
  - Volunteering in NGOs, orphanages, old-age homes, government schools.
- Unnat Bharat Abhiyan (UBA)
  - Ministry of Education's flagship rural development initiative.
  - Adoption of villages by institutions for need-based interventions (sanitation, education, renewable energy, waste management, skill development).
  - Student projects aligned to Sustainable Development Goals (SDGs).
- Social Internships
  - Students interning with NGOs, CSR wings of industries, government agencies.
  - Participation in "Swachh Bharat Internship," "Smart India Hackathon – Social Themes," and local governance internships.
- Society Connect Activities
  - Technical awareness workshops for school children (STEM education, coding, robotics).
  - Literacy campaigns, financial literacy workshops, digital awareness for rural citizens.
  - Community-driven innovation projects (low-cost devices, rural technology solutions).

3. Implementation & Institutional Support

- **NSS/NCC Units & Student Clubs: Organize and mobilize volunteers for outreach.**
- **MoUs with NGOs / Govt. Agencies: Enable structured student internships and projects.**
- **Faculty Mentorship: Faculty guide students in planning, execution, and documentation.**
- **Budget Allocation: Institution supports logistics, travel, and material expenses.**

4. Achievements & Impact

- **Student Development**
  - **Enhanced leadership, teamwork, and problem-solving skills.**
  - **Greater awareness of social, cultural, and environmental issues.**
- **Community Benefits**
  - **Improved sanitation, health awareness, literacy, and digital adoption in rural/urban communities.**
  - **Tangible impact through sustainable projects (e.g., solar lights, water harvesting systems).**
- **Institutional Recognition**
  - **Awards, recognitions, and certificates for social contribution.**
  - **Media coverage and acknowledgment from local government bodies.**
- **Contribution to National Priorities**
  - **Alignment with Unnat Bharat Abhiyan, Swachh Bharat Mission, Digital India, Skill India, and UN SDGs.**

5. Evidence for NBA Submission

- Year-wise list of outreach activities with date, venue, theme, and student participation.
- Reports with photographs, videos, and brochures/posters of events.
- Certificates of participation for students (NSS/NCC/UBA/social internships).
- MoUs/letters of collaboration with NGOs, panchayats, or social organizations.
- Impact assessment reports (beneficiaries reached, outcomes achieved).
- Student reflections, testimonials, and media coverage.
